Hangzhou TYCO Industrial Co., Ltd is devoted to developing, designing and manufacturing XPS shower tray, XPS tile backer board, XPS shower niche, and underfloor heating insulation panel, etc, which is mainly applied for the waterproof and insulation purpose both in new decoration and renovation of the old building. Hangzhou TYCO established in 1996, with a humble start, we now grew to a 20,000m^2 （215,000sq.ft）professional factory produce waterproof and insulation panels in Hangzhou, China. Our monthly capacity is around 45,000 sq m^2 (480,000 sq ft) for XPS waterproof building panels, with the flexibility to double the capacity when needed. Within 3 years, the export quantity is growing stably. Our main market is North America, North Europe, West Europe, and Oceania. Starting in 2009, we start looking for partners to develop markets in each specific growing market. Our aim is providing the best quality with affordable pricing to our clients. Our hard work has earned a high reputation among our customers. Now, we are providing high-quality products for lots of international famous building material/major supermarkets, such as B&Q, Leroy Merlin, Homelux and much more. "What we can do for you" is the question we always ask, and whatever your request is, the “can do” attitude is what distinguishes us from the crowd. Just like finding a great partner in life, husband or wife; in China, it is not hard to find factory at all, but it is hard to find a reliable, responsible one with all the merits like great pricing, great quality, fast lead time and the design capability as well the quick turnaround time for your samples whether is your own idea or ours.Quick Answering: we answer your email within 12 hours and answer your messages in 1 hour during workdays.
